

CUSD's 2011 Internet Safety Month Parent/Guardian Release Form

Dear Parent/Guardian:

Your child, _____, is part of a team that is working on a project regarding Internet Safety. April is designated as Internet Safety Awareness month in Unit 10 and my team is working to help educate others about this important topic in our schools.

Your child has agreed to be photographed and/or videotaped as part of our project; however, to help illustrate safe computing, your child's last name will not be displayed. The project follows all school and district guidelines. It will help us educate other students in Unit 10 about Internet Safety. Projects may be shown to other students as well as posted on our school or district website.

Please read the section below and provide your signature if you would like your child to participate as a member of our team. Return the bottom portion of this page to me as soon as possible.

Thank you!

PARENT/GUARDIAN SIGNATURE—for students under 18 years of age:

I, _____, hereby give Collinsville Community Unit School District No. 10 permission to use my child's image (photo and/or video) as well as audio clips for purposes of creating an instructional project for Internet Safety. This project may be shown to other students as well as posted on our school or district website. I understand that I will not be compensated for allowing the district to use my child's likeness or first name.
